EXPERIENCE

Intern — MERN Stack Development — Sortiq Solutions Pvt. Ltd, Mohali, India 02/2026 – 07/2026

- Developed responsive, component-based UI using React.js, Tailwind CSS, and Redux Toolkit, improving state management efficiency across 10+ pages.
- Built and integrated RESTful APIs using Node.js and Express.js, connecting frontend interfaces to MongoDB-backed data for real-time data fetching.
- Designed and implemented responsive dashboard layouts using React.js and Tailwind CSS, ensuring cross-device compatibility across desktop and mobile.
- Collaborated closely with the development team across the MERN stack, using Git and GitHub for version control and code collaboration.

PROJECTS

Online Food Ordering and Delivery System 02/2026 – 07/2026

React.js, Tailwind CSS, JavaScript, Redux Toolkit, REST APIs | Live Demo: online-food-ochre.vercel.app

- Built a multi-role food delivery web application with user, restaurant, and delivery partner dashboards, inspired by Swiggy and Zomato.
- Implemented restaurant listings, food menu, cart functionality, and fully responsive UI components using React.js and Tailwind CSS.
- Integrated RESTful APIs for real-time data fetching, handling dynamic cart management and order workflows.

E-Commerce Website 02/2026 – 07/2026

HTML, CSS, Bootstrap, React

- Built an e-commerce website front end featuring product browsing, responsive layouts, and reusable React components.
- Focused on clean, mobile-first UI and consistent component design across pages, following industry best practices.
